Instructions

- To activate your Kepware Software licenses, please follow the instructions here. *Managing Kepware Software Licenses > Activating a License*

Thank you for your business. Please contact us if you have any questions or feedback.

- To activate your Kepware Software License(s) on a Hardware Key, please follow the instructions here under 'Converting a Hardware Key'. Upon conversion completion you will receive a Hardware Key Certificate. Please note, if you've ordered Hardware Key(s) with this purchase that Hardware Key(s) should be delivered within 2-3 business days. Both the Hardware Key(s) and the Activation ID(s) provided above will be needed to perform this action.
- To activate your Client Ace licenses, please follow the instructions here. *Managing Kepware Software Licenses > Acquiring and Registering a License*

*An Emergency Activation ID is provided with each purchased Activation ID to be used in the event of a machine or system failure occurring outside of standard business hours. The emergency license can be activated through the My Kepware licensing website from the target machine, and **allows the product to run for seven days.** The Emergency Activation ID is a one-time use license: one must be used for each product that requires emergency activation. Please contact Technical Support should you require your license to be reset. ***As long as you are under an active support contract, you can contact technical support to have your permanent license reset immediately. If your license is not under an active contract, you will need to contact Renewal Sales to reinstate your Support and Maintenance in order to have your license reset.***
